

MANIFESTO ON DEFORESTATION

Ever since I became aware that LIFE IS NOT PERFECT, I've cared about the world and all its problems, but more deeply, to those who relate to the environment, thus, from a young age, I've wanted to have a say and cause awareness.

Watching the HUMAN BEING KILLING LIVING SYSTEMS, ORGANISMS AND SPECIES has always disturbed and UPSET ME, this being due to mining, paper, logging, building factories and infrastructures or, has I portrait in my artefact, agricultural expansion.

Living in the field, I've always been blessed to be in close contact with nature, but even living away from everything, I was FORCED TO WATCH THE DEFORESTATION of what used to be a BEAUTIFUL WOODLAND and IS NOW A SPACE FULL OF GREENHOUSES.

TREES ARE VITAL TO THE PLANET, "they give us oxygen, store carbon, stabilise the soil and give life to the world's wildlife". EVERY DAY 2 MILLION TREES ARE CUT DOWN, what will happen when FUTURE GENERATIONS have to deal with GLOBAL ISSUES fruit of OUR MISTAKES?

WATCHING THE DESTRUCTION of what used to be the HABITAT OF MANY LIVING BEINGS and NOT BEING ABLE TO DO ANYTHING about it was the last drop for me to express HOW I FEEL about deforestation.

With my artefact, I aim to contrast the present with what the future of our PLANET WILL LOOK LIKE if we don't take actions, hoping to cause awareness in people and OPEN THEIR EYES to this unfortunate reality and make changes BEFORE IT'S TOO LATE.
